EXECUTIVE SUMMARY

Results-oriented Project Manager and Certified ScrumMaster® with **6+ years of experience** directing end-to-end delivery of **$1M+ multiple projects**, UAE government programs, e-commerce systems, and Web3 products. Proven record steering **25+ member distributed teams** across Fixed-Price, T&M, and maintenance models with a **90%+ on-time, on-budget delivery rate**. Adept in presales RFP estimation, vendor SLA governance, and AI-automated project operations.

PROFESSIONAL EXPERIENCE

Project Manager — Technyx Systems November 2025 – Present

- Directed end-to-end delivery of two flagship UAE government digital programs: the Zayed National Museum (7-language Sitecore CMS website & iOS/Android apps) and ADGM's annual **Abu Dhabi Finance Week (ADFW) AI Digital Asset Management (DAM)** platform, sustaining a **100% on-time release rate**.
- Partnered with executive leadership and sales on **presales and RFP proposals,** conducting technical feasibility reviews, developing work breakdown structures (WBS), and defining resource/cost estimates with assumptions under tight bid windows.
- Engineered an **AI-augmented PM workflow**, receiving automated morning triage digests across MS Teams, Jira, and Email, and deploying a **Granola + Make.com + Google Gemini AI + Google Sheets** pipeline that converts meeting transcripts into structured action logs in seconds.

Project Manager — OVRLOD Pvt Ltd March 2024 – November 2025

- Orchestrated the **$1M+ multi-site migration** of 5,000+ content pages across 5 enterprise portals (ADGM, ADGM Academy, Al Reem Island, Resolution ADGM) to Optimizely DXP, managing a **25+ member distributed team** from fixed-scope delivery through ongoing post-launch maintenance.
- Resolved complex project impediments, **reducing risks by 30% and decreasing issues by 25%** through proactive RAID log governance, qualitative/quantitative risk assessments, and targeted contingency strategies.
- Managed timesheets, resource utilization, and cost baselines while enforcing strict **vendor and client SLAs** (turnaround time, defect resolution); reduced project delivery risks by **30%** and post-release issues by **25%.**
- Trained 20 team members on Azure DevOps boards and optimized Scrum/Kanban ceremonies, **improving collaboration by 40%, lifting team productivity by 60%**, and **reducing delivery cycle time by 30%**.

Assistant Project Manager — CUBIX November 2020 – February 2024

- Managed delivery for **commercial Web3 and mobile programs**, including **Dominoes, Second World, WAGMI** and **MicroPets** (8-month Waterfall delivery, **99.8% crash-free, 4.6 rating, +25% client satisfaction**).
- Tracked resource timesheets, monitored budget burn, and standardized PRD/WBS documentation across engineering squads, **increasing sprint velocity by 25%** and improving **operational efficiency by 70%**.
- Partnered with QA to embed CI/CD, TDD/ATDD, and automated regression testing into sprint gates, **enhancing quality by 25%, reducing defects by 30%**, and cutting manual testing effort by **60%**.

SELECTED PROJECT HIGHLIGHTS

View Full Portfolio

- **LMCC Enterprise Platform & Spot It (SaaS):** Managed multi-platform (iOS, Android, Web) enterprise app lifecycle; standardized PRDs (**+70% workflow efficiency**) and deployed an executive client KPI dashboard.
- **WAGMI Defense & Domino Earning World:** Directed Agile delivery transitioned from Fixed-Price MVP to a resource-based T&M hourly model of $1M+ Web3 ecosystems with EA, Call of Duty, and Apple veterans; scaled WAGMI to **20K+ downloads (4.5)** and **+40% velocity**.
- **PartyShark:** Delivered real-time P2P mobile marketplaces on schedule, integrating **Stripe payment gateways**, vendor/owner portals, and leaderboard gamification.
